LIVE SESSIONS

APRIL 2020

ORMCO COVID-19 AND CONTINUING EDUCATION

Although these are uncertain times, there is one thing that is certain – our top priority is the health and well-being of our customers, their practices, our employees and all of our families. We hope you are and continue to be well.

OrmcO remains committed to serving our customers around the world during the COVID-19 pandemic. Our team is here to provide you with the level of service you expect, and we are taking steps to keep our production facilities running and our distribution channels open.

We want you to feel confident that we are carefully monitoring and following recommended guidelines by the CDC and WHO to do our part in keeping our customers and employees safe. This includes encouraging our teams to work from home, practicing social distancing,

closely monitoring ourselves and our loved ones, and conducting business by phone, email and video as much as possible.

We also want to be helpful to when you have downtime to participate in online continuing education programs and have therefore setup a complete program to help you through this difficult time. Please find an overview with our experts, and dates below. Please register in time for the courses as we only have limited availability.

During these uncertain times we will do our best to maintain frequent and open communication with you. We are here for you and thank you for your understanding and continued support.

Sincerely,
the OrmcO Team
